

Attainment Summary Sheet 2019

This report details our school's headline data and three year data trends for each key stage for the key indicators. Local authority and national data trends are included for comparison. 2019 data is based on NCER emerging national data.

The colour coding shown in this report is based on the RAG criteria identified for use in the Quality and Standards Performance Executive (QUSPE) and is explained in the key at the end of the report.

Service Area	Report Focus	RAG Criteria		
		Green	Amber	Red
School Performance	SIP Risk Rating (updated at the beginning of term only)	Performance compares well with national averages and is at least in line or above in the vast majority of indicators. OFSTED rated good and outstanding schools. Could also include an RI school that is demonstrating sufficient capacity to get to good	Performance compares less well with national averages and is below for a small number of key indicators. An RI school that has made progress but not sufficient to get to good without additional support. A school judged good or outstanding by Ofsted, but now has issues relating to underperformance performance or weaknesses in leadership	Performance does not compare well with national averages and is below in many areas including floor standards. Significant concerns for any school around performance or leadership which will have a long term effect on the school and its overall Ofsted grading
