

How are we doing at the end of Key Stage 1?

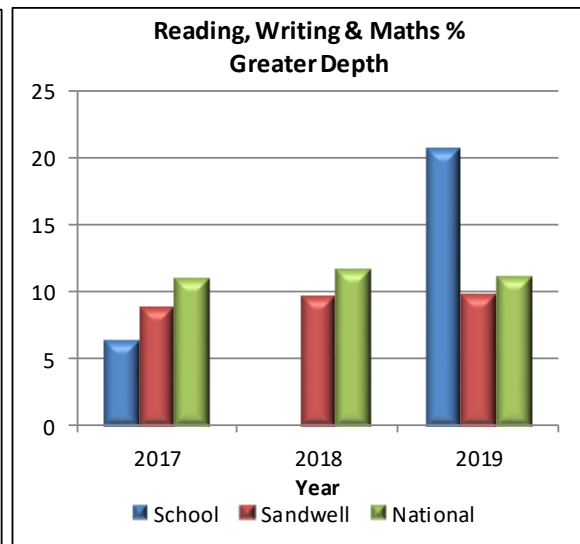

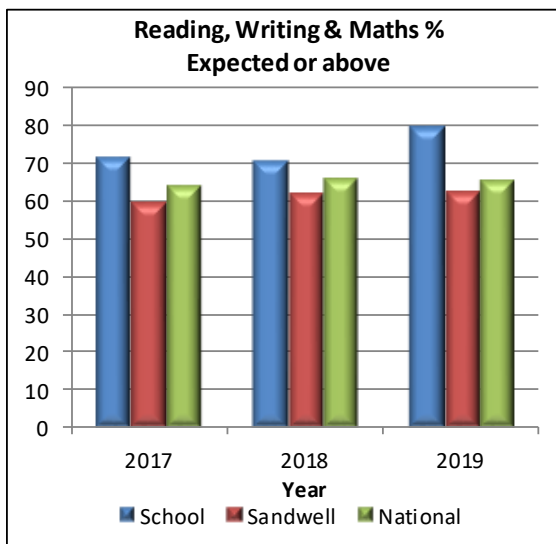

2019

At the end of Year 2 children are assessed in Reading, Writing Mathematics and Science. By the end of KS1 children are aiming to achieve the expected standard for 7-year olds. Those children working at a deeper level are recorded as working at Greater Depth.

The tables below show how well children at Timbertree are achieving compared to other schools in our local authority, as well as all other primary schools in the country.
